

WONDERFUL GAIN IN WEIGHT REPORTED

Young Woman Only Weighed 76 Pounds—Now Weighs Over 100 and Is Gaining Every Day.

"Before I began taking Tanlac I only weighed 76 pounds, I now weigh over one hundred and am gaining every day," said Miss Lillie Davis of Chattanooga, Tenn.

"I bought my first bottle of Tanlac at Gas City, Ind., and it helped me so much that I continued using it. I have always been very delicate and suffered a great deal from stomach trouble and rheumatism. I rarely ever had any appetite and simply could not relish anything. I fell off until I only weighed 76 pounds and was so thin I looked perfectly awful. This is the condition I was in when I began taking Tanlac. "Oh, I feel so different now. Even my complexion is improved. My appetite is good and I can hardly get enough to eat. Tanlac is simply grand and I can truthfully say it is the only medicine that has ever done me any good."

Tanlac is sold by leading druggists everywhere.—Advertisement.

Not He.

"A feller came to my house tuther day, wanting me to take stock in the Disarmament league, or something of the sort, at a dollar a share," related Gap Johnson of Rumpus Ridge, Ark. "I don't reckon you bought none?" returned an acquaintance.

"You're mighty darn right, I didn't! While he was showing 'em to me he stepped on the tail of one of the dogs, and when the pore varmint snapped at him the infernal cuss kicked the dog. I wouldn't buy nuth'n' from no such in-human scoundrel as that, if I never got rich!"—Kansas City Star.

MOTHER! MOVE

CHILD'S BOWELS WITH CALIFORNIA FIG SYRUP

Hurry, mother! Even a sick child loves the "fruity" taste of "California Fig Syrup" and it never fails to open the bowels. A teaspoonful today may prevent a sick child tomorrow. If constipated, bilious, feverish, fretful, has cold, colic, or if stomach is sour, tongue coated, breath bad, remember a good cleansing of the little bowels is often all that is necessary.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Advertisement.

He Couldn't Tell by the Looks.

The domestic animals on a farm proved a source of great wonder and speculation to Bob who was making his first visit to the country.

One morning an extremely young colt was shown him.

"Well, Bob what do you call that?" asked the farmer.

After a few minutes of deliberate thinking Bob replied: "It looks horse, but I guess sheep."

Just say to your grocer Red Cross Ball Blue when buying bluing. You will be more than repaid by the results. Once tried always used. 5c.—Advertisement.

WELLS HAWKS, 'THE BOOSTER'

Noted Publicity Man, Who Has Been Active in Formation of Legion Film Service.

He has told you all about the wonders of "the most gorgeous and stupendous tent attraction on the earth," what your favorite movie star wears for breakfast and why; what they do in the navy and when, etc., etc. For the last 30 years his writings have been read more widely than those of perhaps any American author, but his name has not been signed to them.

He is Wells Hawks of New York, formerly press agent of Ringling Brothers' circus; publicity representative of several of the leading motion picture corporations; personal representative for 12 years of Charles Frohman, the theatrical producer, and during the war in charge of publicity for the navy.

Mr. Hawks, a lieutenant commander in the naval reserve, organized and for three terms commanded the S. Rankin Drew post of the American Legion, composed of actors and actresses, movie and legitimate, publicity and newspaper men of New York city. He has been active in the formation of the American Legion film service of national headquarters, which is supplying projection machines and films to Legion posts of the country.

KNOWN AS FAIRY GODMOTHER

State President of Minnesota Women's Auxiliary, Mrs. Sandy Hamilton, Is Warm Friend of Veterans.

With a post of the American Legion of Minnesota named in honor of her son who fell in France, Mrs. Sandy Hamilton, Minneapolis, who has just taken office as state president of the Women's Auxiliary of the Legion, has adopted all the wounded veterans of her state in memory of her boy.

During the year that she was chairman of the Legion Auxiliary hospitalization committee Mrs. Hamilton spent practically her entire time in visiting and ministering to disabled men in Ashbury and Thomas hospitals. The unfortunate service men came to know her smile and her tenderness and to them she was "our fairy godmother."

Reading the report of her work before the recent state convention of the auxiliary, Mrs. Hamilton told of the loneliness and suffering of the brave men who had sacrificed their health for their country. When she had finished there was not a dry eye in the big meeting hall.

Aerial Exhibition at Convention.

Altitude trials, parachute drops and a spectacular aerial derby in which most of the country's best aviators will take part, will be included in a flying circus to be held during the third annual convention of the American Legion at Kansas City, October 30, 31 and November 1. Eddie Ricknacker, William Furlow and Edgar Tobin are among the aces who will be seen. A raid with illuminated bombs will feature the night flying program. Stunt flyers will change planes in air, walk on the wings and loop the loop in contest for a large prize.

No Sunday Burials—Guard on Duty.

When the trustees of Woodlawn cemetery, Canton, O., ordered recently that burials would not take place on Sunday, American Legion men who had held the funeral of a comrade on the holiday that all members might attend, surrounded the casket with flowers and tolled off an armed guard. Reliefs were formed and two sentinels kept vigil all through the night. On Monday morning sextons came to dig the grave.

Cheaper in Pairs.

Sammy (admirably surveying his lately arrived twin sisters)—Did you get them cheaper by taking the two, papa?

Carrying On With the American Legion

A downtown rest room for the convenience of farmers' wives in the city for supplies and for city wives on shopping tours has been opened in Drumright, Okla., by the Women's Auxiliary of the American Legion post there.

Because they considered the post a community asset and worthy of recognition, citizens of the town of Waitsburg, Wash., recently purchased a hotel building and presented it to Samuel W. Southard post of the American Legion for use as a clubhouse.

When heavy rains washed out the road to the village cemetery, the American Legion post of Natchez, Wash., called upon its farmer members. Each man brought a team of horses, gave two days' work and a new road was constructed.

Advocating a playground for the kiddies of the community members the Saylesville (Rhode Island) post of the American Legion brought the matter to completion by leveling the ground and putting the equipment in place with a saving of several hundred dollars to the city.

The athletic tastes of the young war veterans of Oklahoma were evidenced recently when the state department asked each post of the American Legion what games they wanted at a state athletic meet. Horse-shoe pitching contests led the list, with tennis and golf poor seconds.

Ex-service patients in hospitals of Oregon have been extended free membership in the American Legion of the state, the posts waiving post dues and the department paying state and national fees, that the disabled may receive copies of the official magazine and the benefits of membership.

John Broadhead Wallace, son of the secretary of agriculture, and Miss Margaret Powell, Cedar Rapids, Ia., recently married, have been receiving the official congratulations of Argonne post, the American Legion, Des Moines, of which Mr. Wallace is a vice commander.

By beating a walking record which had been undisturbed for years, George N. Brown, Endicott, N. Y., won a wager of \$100 which he divided equally between two American Legion posts of his vicinity. Mr. Brown holds the world's championship pedestrian record.

After having achieved distinction in Pittsburg, Pa., by being the first sailor married in an American Legion post, P. C. Rose was stranded in Albany, N. Y., in the middle of his honeymoon because he couldn't collect his bonus money. Members of the Albany Legion helped him to complete the wedding trip.

Insurance against rain, high winds and liability to spectators, is being sought by the Kansas City Flying club in preparation for the annual convention of the American Legion there this fall. Applications for the "freak" policies have been made to American companies and to Lloyd's of London.

An American Legion emblem, wrought in exquisite crochet in memory of the dead and wounded soldiers of the World war, which won first prize in a national knitting contest for Mrs. Velma S. Cole, Binghamton, N. Y., has been presented to her local post of the Legion. Mrs. Cole is an invalid.

Holding that a sense of shame would work where entreaties failed, the American Legion post of Zillah, Wash., recently took photographs of every dirty and unsightly back yard in the city. These photos were displayed in several stores of the city's main streets, and within a week, every back yard had been cleaned to perfection.

Transferred from San Francisco to St. Paul, Private Charles Gilbert, U. S. Marines, gained permission to hike to his new station. He completed the record match recently, after having been lost in the desert country of Battle Mountain, Nev., and without water for two days. He was "lifted along" by various American Legion posts which he visited along the route.

A romance of the Rhine ended tragically recently when Sergt. John Wolf of the army died shortly after returning to America with his young German bride. Penniless, following the illness of her husband, the widow was taken in charge by the American Legion of New York and will be sent back to her home at Coblenz with money contributed by the Legionnaires.

Valuable New Gas.

A new gas to take the place of acetylene in blowpipe work has been produced. It is called calorene, and is said to have a thermal value of 1,580 British thermal units to the cubic foot. The composition is 86 per cent carbon and 15 per cent hydrogen, and as the gas can be safely stored in unpacked cylinders at a pressure of 3,500 pounds to the square inch, a considerable saving in weight can be effected. The maximum temperature obtainable is put at 6,200 degrees Fahrenheit.

She Didn't Mind It.

Algernon Tassin, whose views concerning women, in his play, "The Craft of the Tortoise," are very irritating to many women, tells of one at a lecture of his, who turned to another woman, seated near her, and said fiercely:

"I'd hate to be married to that man!"

"Oh, it isn't so bad," replied Mrs. Tassin. "I don't mind it."—New York Evening Post.

Some men who don't seem to know when they are whipped, doubtless have suspicions.

Why does the last match invariably fail to ignite?

Passing of the Flare.

Paris is losing its flares and this means of transportation is being replaced by the taxis. A few years ago it was computed that there were 8,000 of these small carriages moving about the streets of Paris, but at last count there were only a few more than 200.
